GUIDELINES

TYPE	WIDTH	HEIGHT
IMAGE	500px	800px
HTML	600px	1200px max

All copy and artwork must be approved by show management. Any sponsor assets implying preference or association with show management will not be allowed.

HELPFUL HINTS

It is recommended email marketing creative and verbiage should connect and engage attendees to your presence at the show, showcasing what your company will be doing or offering at the show. Samples include:

- What discount will you offer at your booth?
- What exciting activities or education will you be conducting?
- What new products would they be able to try or buy?
- It's always a good idea to include a call to action such as "click here" or "click now".

To avoid delays in load time be sure to follow the guideline sizes above. If needed the official Premiere Columbus show logo is available for download [here](#).

HTML BEST PRACTICES

- Use basic, cross-platform fonts such as Arial, Verdana, Georgia and Times New Roman.
- Assume images will be initially blocked by email clients, or that certain images-background images, for example-will completely fail to load.
